PART 2:
FINAL EVALUATOR'S comments on revised paper (if any) | Authors' response to final evaluator's comments
---|---
1. Boundary conditions in Eq.(7), \( u=U_0 \) at \( y=0 \) and \( u=0 \) when \( y \) goes to infinity. Are these right? | 
2. Authors should use SI unit system in nomenclature. Instead of Meter/sec, it should be m/s. And write K without the symbols of degree |
