

Editorial Comment:

The author has to correct the list of references. Some papers are presented with full name of journal but some by abbreviation. Punctuation has to be also corrected.

Author's feedback:

We have corrected the list of references as per your suggestion. Reference 3 in our paper is with the full name of the journal. That is how it is to be cited according to their criteria.

3. Nidhi Ram, Padmalatha V, Nagarathna R, Ram A. Prevalence of polycystic ovarian syndrome in Indian adolescents. Journal of Pediatric and Adolescent Gynecology. 2011;(4);24:223-27.

If it is to be concise this is our version.
