Subject: Re: Request for final decision for manuscript number 2013_BJMMR_6435

I evaluated the manuscript and the revised version after the editorial's and reviewers' comments. The authors (Ezeigbo, O. R. et al.) completed the reviewer's comments and suggestions in the revised version of the manuscript.

Based on those improvements, I found that the manuscript entitled "Factors that Influence Compliance with Annual Ivermectin Treatment And Willingness of Individuals to Continue with the Treatment in Abia State, Nigeria " is suitable as a publication in its category in the journal. So, please proceed for the publication process of the manuscript as an accepted one.

This is my final editorial decision for the manuscript.
