

Editor's Comment:

I have read this "Revised-ms_BJMMR_18891_v2" and all reviewers suggestions. Authors did all corrections according to reviewers' comments. All reviewers gave good scores.

I will suggest to accept this paper for publication, but with one comment:

In title, there is a word: "**vulvovaginitisatadolescent**", should be divided to : "**vulvovaginitis at adolescent**"
