

SDI FINAL EVALUATION FORM 1.1

PART 1:

Journal Name:	British Journal of Medicine and Medical Research
Manuscript Number:	Ms_BJMMR_19678
Title of the Manuscript:	A New Anionic Bovine Tendon as Scaffold for the Repair of Bone Defects: A Morphological, Histomorphometric and Immunohistochemical Study
Type of Article	Original Research Article

PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
<p>On the first revision, the authors simply ignored the comments of the reviewer.</p> <p>On the second revision, the authors added a single histochemical stain. Although this does improve the ability to interpret their data, this is still entirely insufficient work on the revision to justify publication.</p>
