SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Compulsory REVISION comments	<p>The authors reported two cases of symptomatic right aortic arch and double aortic arch. These cases are rare. However, some problems existed.</p> <ol style="list-style-type: none"> 1. The language needs to be improved greatly. Please find a native English speaker to revise the language for you. 2. Title: Do not use abbreviations in the title. MDCT can be replace by "imaging". 3. Abstract: The structure of a case report abstract is non-structural with no purpose, case report, discussion and Conclusion. Please rewrite the abstract according to a similar case report. 4. Key words: Please change MDCT to its full phrase. Moreover, add two key words: Symptoms, Congenital heart disease. 5. Abbreviations: when using abbreviations, you should give the full phrase at the first time using them. For example, computed tomography (CT). Later, you can always use the abbreviation without referring to the full phrase. However, the authors did not abide by this rule. For example, the authors used MDCT in the title, abstract and in the text without giving the complete phrase. The readers will not understand what you mean by MDCT. Other examples are: PA, MRG. Please 	

SDI Review Form 1.6

	<p>correct all similar problems in the article.</p> <p>6. Introduction: Please describe your purpose in doing this research at the end of the introduction.</p> <p>7. Cases: The title "Cases" should be changed to "Case report". In the part, please use one or two sentences to present the final outcome of the surgery in these two cases. Also in the beginning of this part, please indicate that the appropriate ethics committee has approved this study and the patients have provided written informed consent.</p> <p>8. Figures: In figure 1, please give the full phrase of CT. Moreover, I cannot find the big arrow in the figure. Another two figures (figures 3 and 4) should be presented in the part of "Case report". DO not just mention the important figures in the discussion.</p>
