SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	<p><i>Line 234 - include ref.49</i></p> <p><i>Line 416 – delete “8”</i></p> <p><i>Lines 511 and 521- revise the citation</i></p> <p><i>Line 531 - replace this citation by the reference 106 (original article)</i></p> <p><i>Lines 536 and 537 - rewrite this paragraph. The result was not necessarily contrary, since in the amilsulpride clinical trial the patients were not treatment-resistant.</i></p> <p><i>Line 571 – delete “on went”</i></p> <p><i>Line 593 -).</i></p> <p><i>Lines 789,790 and 791- rewrite this paragraph, since the REFERENCE 100 refers to the treatment-resistant patient</i></p>	
Optional/General comments	<p><i>Although there are already some published reviews articles on the antipsychotic effect of cannabidiol, this is a rather extensive review with enough information on this promising field.</i></p>
